ADVENTURE WITH CFF50LPDZ

Dometic Portable Fridge/Freezer

This series is designed to keep adventurers off the grid for longer, integrating impressive cooling or freezing with efficient interior storage. Whether it's storing for short stays, long trip dinners, or wine and soft drink bottles, the CFF series makes the most of its optimised capacity and allows everyone to enjoy everything cool that Dometic has to offer.

- Fast and excellent cooling and freezing
- Can be set between 10 °C and -18 °C (@ Ambient temperatures of 32 °C)
- Optimised footprint allows it to be used with the Dometic fridge slide range
- Low Profile to fit in Ute trays
- Removable lid with easy opening
- Reversible Lid Hinges
- Digital temperature display
- Strong handles for carrying and secure tie down points
- 3 year warranty
