COOL ICE CI ICEBOXES

Dometic Cool Ice Iceboxes are the perfect cooling solution for when power is not readily available.

They will keep your ice frozen for days. These robust iceboxes are ideal for continuous exposure to weather, especially on boats and camping. The refrigeration grade foam insulation and 'Labyrinth Seal Design' features contribute to longer lasting ice. Its rotomoulded design means there's no seams where heat can get in or cold can escape! Cool Ice Iceboxes are also extremely strong, durable and easy to clean. The CI Iceboxes come with strong ergonomic polyethylene handles that double as useful tie down points as well as one piece, durable rubber latches and an integrated accessory mounting slot at the front.
