

OUTDOOR 1200

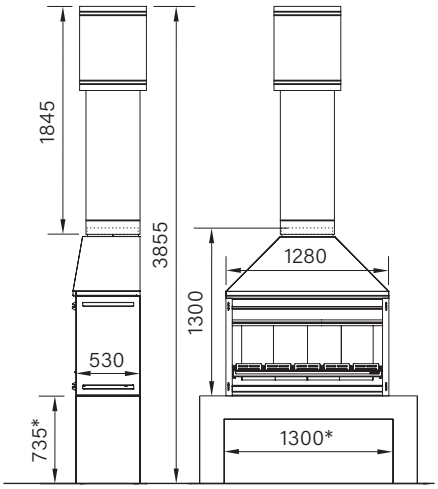

SKU 280-0930

Add a Braai kit for the ultimate live fire cooking experience

1200 FIRE

The Outdoor 1200 Fire provides an impressive presence, warmth and flame to your outdoor space. Simply site on a non combustible plinth or base, made to your desired design and the 1200 Fire will provide you with a focal point to gather and entertain for now and years to come. Durability comes from the solid Corten steel firebox and great looking stainless steel finishing. Add the optional Braai Kit for live fire cooking and create delicious food and memorable moments shared with family and friends.

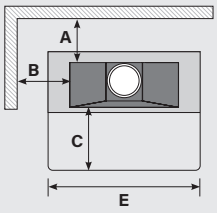

1200 freestanding flue kit and Braai cooking kit sold separately.

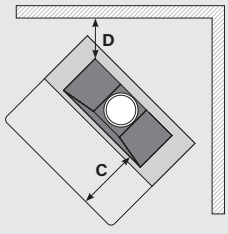

INCLUDES:

- 1200 firebox and gather
- Stainless steel firebox cover
- Ember rake and fire mitts

Wall clearances

Corner clearances

Minimum installation clearances (mm)

A	B	C	D	E
250	500	500/700	250	1880

Firebox / Gather

Width	Depth	Height
1280	530	1300

Recommend base / plinth dimensions (mm)

Minimum thickness	Minimum depth	Minimum height	Internal width	Internal depth
125	530	735*	1300*	750*

Insert cavity (masonry / AAC heat cell)

Opening width	Minimum depth	Opening height
1290	600	825

* Minimum and recommended base/plinth dimensions are to suit storage of the stainless steel firebox cover during operation. Diagrams and clearances detailed above indicate the minimum clearances for a freestanding installation to a combustible wall or fence to a maximum height of 2400mm. Full assembly and installation instructions are detailed in the Outdoor Installation manuals. Specifications were correct at the time of printing but may alter and those detailed within should only be used as a guide.
