

540 FIRE PIT

SKU 290-0101

**Perfect for smaller decks, courtyards,
and cosy evenings.**

Don't let the compact size fool you — The Metro 540 Fire Pit delivers serious firepower in a smaller footprint. Built from heavy-duty Corten steel painted black, this fire pit is designed for the outdoors and made to handle the elements with a double burning action that produces less smoke and more heat. The ultimate evening entertainer ideal for urban backyards, courtyards, or anyone wanting that rugged, open-flame experience without taking up too much space.

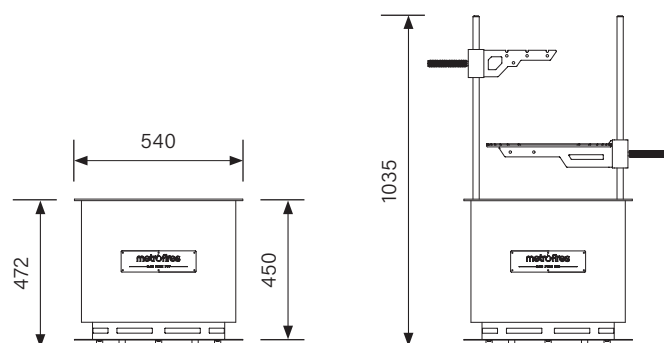

Fire Pits include a cooking kit, ember rake and stainless steel lid.

*Stainless steel deck protector shown below is available as an optional extra.

THE ULTIMATE IN LIVE FIRE COOKING

Take your Metro Fire Pit to the next level
