

Micro Rad

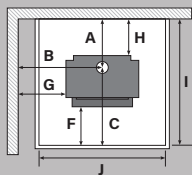

The Micro Rad is designed specifically for single rooms, tiny homes and smaller dwellings, providing effective heat in a compact, efficient unit. Its ultra-compact size fits easily into a corner or wall installation optimising your living space.

Despite its small stature, the Micro Rad can heat up to 70m², making it perfect for tiny homes, cabins and baches or any compact space needing reliable winter warmth.

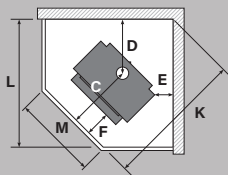

The Micro Rad is installed with the ECO 130 Flue Kit (130mm diameter flue) and the Pioneer 900 double flue shield.

	Clean air approved model
Heat output	7.5kW heat output
Heating area	Heat up to 70m ² / 1-2 bedroom home
Finish	Metallic black high temperature paint
MfE#	252094 (DRY)
