

ROOF PENETRATION FLUE SYSTEM UPGRADE \$400

# Outdoor 850P

The 850P features a Corten steel pedestal base for secure placement and stability. The Corten firebox, stainless steel flue system and fastenings have been designed and built to be as corrosion resistant as possible for outdoor durability. The landscape door glass offers panoramic fireside views, safety during operation and eliminates wind blown ash and smoke nuisance often found with open outdoor fires. The closed-door brick lined firebox delivers impressive radiant heat to your outdoor living area.

**Package includes:** 850 firebox, pedestal base and freestanding flue system. Internal cooking grill and pizza stone (lift in and out of firebox). Pizza peel, fire rake, grill lifter and wall hanging bracket for tools.

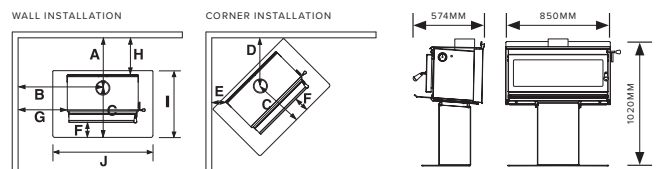

SKU 280-0700
