1200 FIRE

SKU 280-0825

The Outdoor 1200 provides an impressive presence, warmth and flame to your outdoor spaces. Simply site on a non-combustible plinth or base, made to your desired design and the Outdoor 1200 will provide you with a focal point to gather and entertain for now and years to come. Durability comes from the solid 5mm Corten steel firebox and great looking stainless steel finishing. The Outdoor 1200 also features all the necessary fixing points for the full Braai cooking kit and accessories if you wish to upgrade at a later date.

PACKAGE INCLUDES:

- 1200 Corten steel firebox and gather
- Stainless steel freestanding flue kit
- Stainless steel firebox cover
- Ember tool and outdoor fire gloves

Minimum installation clearances (mm)					Firebox / Gather		
A	B	C	D	E	Width	Depth	Height
250	500	500/700	250	1880	1280	530	1300
Recommend base / plinth dimensions (mm)					Insert cavity (masonry / AAC heat cell)		
Minimum thickness	Minimum depth	Minimum height	Internal width	Internal depth	Opening width	Minimum depth	Opening height
125	530	735*	1300*	750*	1290	600	825

* Minimum and recommended base/plinth dimensions are to suit storage of the stainless steel firebox cover during operation. Diagrams and clearances detailed above indicate the minimum clearances for a freestanding installation to a combustable wall or fence to a maximum height of 2400mm. Full assembly and installation instructions are detailed in the Outdoor Installation manuals. Specifications were correct at the time of printing but may alter and those detailed within should only be used as a guide.
