

LTD Wee Rad - Base

The LTD Wee Rad Base model is designed for lifestyle and rural properties delivering a peak heat output of 15kW to warm your home. The generous door glass provides the perfect flame view to enjoy on those cold winter nights.

The unique firebox design offers longer burn times ensuring winter warmth, cooking and water heating are all dominant features of this model. Either a 3 or 4kW wetback can be fitted to assist with your water heating requirements.
