

Stovax Studio 2 Clean-Air inbuilt fire with 25XS steel frame

Breathtaking design, clean air technology.

The Stovax Studio range balances presence with efficiency and heating performance. A selection from this peerless range of contemporary fires will add gravity and style to any interior. It represents the pinnacle of British fire design, engineering and technical innovation.

This Studio 2 Clean-Air inbuilt model has been specifically designed to meet stringent air quality standards. It is suitable for installation in most New Zealand airsheds.
